ADVANCED POWEREDGE SERVERS

The latest generation of PowerEdge 13G servers has been designed to help improve IT productivity, lower energy costs and give you fast access to your data. Let a Dell expert help you choose the right server and solutions to meet your workload and project needs. A Dell expert technician can help install it all for you.

Robust performance
Turbocharge business applications and unleash high-performance computing capabilities with the latest generation of Intel® Xeon® processors.

Unmatched management capabilities
Manage remotely with a smartphone or at the server. Plus, save even more time and valuable resources with automated deployment, updates and support of all your Dell servers.

Workload-optimised storage
Choose from a wide range of local storage options including flash and software-defined solutions to enable fast data access and accelerated application performance.

Intel Inside®. Powerful Data Center Outside.

PowerEdge R630
Maximize data center efficiency with an ultra-dense virtualization or database engine, with an Intel® Xeon® processor.

New PowerEdge R730
Adapt to virtually any workload with a scalable server, featuring an Intel® Xeon® processor.

PowerEdge T630
Drive a wide range of demanding workloads with a huge internal storage capacity and an Intel® Xeon® processor.

MODERNISE YOUR NETWORK.

Energy-efficient, cost-effective 1GbE and 10GbE switches designed for modernising and scaling network infrastructure. N-Series switches utilize a comprehensive enterprise-class L2/L3 feature set, deliver consistent, simplified management and offer high availability device and network design.

- N1500 Series: Enterprise features for small and medium businesses.

- N3000 Series: 1Gb power-efficient density for campus or small-scale data center deployments.

- N4000 Series: Deliver more bandwidth in the campus core with a power-efficient and flexible 10GbE switching solution for simple scalability and high density.

Dell Networking N1500
The N1500 switch series offers a power-efficient Gigabit Ethernet (GbE) network-access switching solution with integrated 10GbE uplinks.

Dell Networking N3000
The Dell Networking N3000 Series offers high-availability GbE switches for Layer 3 access or aggregation, providing easy-to-manage solutions.

Dell Networking N4000
The N4000 Series allows you to apply 10/40GbE wire-speed flexibility to your existing campus network with high-performance, non-blocking switches.

WORKLOAD-DEFINED INFRASTRUCTURE CONVERGED.

Precisely tailor, quickly deploy and easily manage your infrastructure with the flexible building blocks of the Dell PowerEdge FX architecture, engineered for both modern and legacy workloads.

Flexible scalability
With compute, storage and IO modules in just 2U of rack space, FX allows you to adapt and build a software-defined converged infrastructure.

Management your way
Monitor the entire FX infrastructure from a single console with your choice of 1-to-1 rack or 1-to-many chassis-based management.

Demand-driven performance
Deploy now and scale as needed later with customisable IT building blocks of IO, server and storage.

A. PowerEdge FC630
Ideal for hosting virtualisation environments or running business intelligence applications, databases and private clouds.

B. PowerEdge FC830 server
A powerful full-width, 1U 4-socket server block with dense compute and memory scalability and a highly expandable storage subsystem.

C. PowerEdge FD332 Server
Flexible, high-density FX storage. Now you can rapidly scale direct attached storage (DAS) in your FX-based infrastructures with the FD332 halfwidth 1U storage module.

CHASSIS-FREE PROMOTION

Benefit from our promotional Solution Programmes and get chassis free. Contact sales department to get more info how to save on FX, VRTX or M1000e chassis.

DID YOU KNOW?

Dell PowerEdge M-Series blade servers can reduce power costs by up to 20% compared to identically configured competitive offerings.

STORAGE ECONOMICS REDEFINED.

Because when you deploy a storage system from Dell,
your legacy IT limitations no longer apply.

Enterprise-class performance and value
Optimise SAN and NAS environments with a virtualised, scalable pool of disks that automatically, intelligently adapt to your application and workload demands.

Exceptional efficiency
Deploy a single platform for block and file with built-in efficiency, resiliency and intelligence to optimise your IT budget.

Simplified scalability
Flexible architecture readily adapts to business growth and evolving technologies without artificial restrictions or complexities.

A

B

C

A   **FS Series**
The EqualLogic FS7600 and FS7610 can provide up to 7x greater capacity scalability, powered by an Intel® Xeon® processor.

B   **SC Series**
Dell Storage SC Series arrays provide a unified platform for the ultimate in performance, adaptability and efficiency, powered by an Intel® Xeon® processor.

C   **NX Series**
Dell Storage NX3330 and NX3230 offer simplified management with Windows Storage Server 2012 R2, powered by an Intel® Xeon® processor.

YOU'VE GOT A BUSINESS TO RUN, WE'LL TAKE CARE OF IT.
HELLO FROM THE DELL TEAM

Just running a business means always having a full plate. Why should technology concerns add to that? With Dell Services, consider your load lightened.

Our ProSupport service means we're here to help anytime of the day with almost any problem. You'll also get our SupportAssist technology, which automatically detects problems so we can begin resolving them as soon as they happen[1].

With ProSupport Plus, you'll get all the benefits of ProSupport, plus SupportAssist predictive failure prevention, which means we can predict a failure before it even happens[2]. You'll also get repair for accidents and we'll replace your hard drive if it fails.

But IT goes beyond caring for your technology. That's why Dell Services will help resell, recycle or return your excess computer equipment. All in an environmentally conscious manner.

Dell Services is here to help businesses thrive. Your success is our success. Spend less time worrying about business and more time running it.

YOU'LL LOVE OUR BRAND OF SUPPORT.

Dell ProSupport Plus for PCs and tablets: support for businesses that have no time for downtime.

ProSupport Plus is the only complete proactive support service that combines priority access to expert support, predictive analytics with automated tools by SupportAssist technology[1], and protection of your investments. This service keeps your PCs and tablets running smoothly, so you can focus on your business.

Dell ProSupport Plus with SupportAssist significantly reduced time to resolve a failed hard drive[3] with:

- Up to 91% less time to resolution
- Up to 72% fewer steps to resolution

Improve productivity, reduce support time and protect your investments with:

- Priority access to support experts
- Proactive automated issue detection, case creation and notification[1]
- Predictive failure prevention[1]
- Repair for drops, spills and surges
- Hard drive retention after replacement to secure your data[2]

ProSupport Plus provides end-to-end support that minimizes internal support efforts.
Go to **Dell.com/prosupportplus** or call Dell today.

HOW TO BUY.

As a Dell partner, ordering your Dell products and solutions is easy, whether it's directly through a Dell Account Manager or the Dell site, or via one of our authorised distribution partners.

DISTRIBUTORS

Dell authorised distribution partners stock many of Dell's key product lines, priced competitively and available for next day delivery. As a newly registered channel partner, you can buy Dell products through a distributor of your choice. Find the nearest Dell distributor at **Dell.com/findapartner**

ONLINE

Premier and Preferred Partners can buy products directly from Dell via their Premier Pages.
 - Log into **Dell.com/Premier**
 - Use Search box entering chosen Dell Reference

PHONE

Premier and Preferred Partners can call their Dell Account Manager.

If you are an end-customer ordering directly from Dell, it's as simple as a click or a call. Access 24x7 online shopping or helpful phone support during business hours. You can also speak with one of our knowledgeable partners, who can help you select the right IT solutions for your business.

ONLINE

Buy products directly from Dell via Premier Pages.
 - Log into **Dell.com/Premier**
 - Use Search box entering chosen Dell Reference
Alternatively, go to **Dell.com/business.**

PHONE

Call your Dell Representative.

PARTNER

So why not contact one of our partners? We have a vast network of providers in our Dell PartnerDirect programme who can tell you more about Dell's end-to-end technology solutions. Find a partner near you at **Dell.com/findapartner.**

BUILT FOR WORK.
