

Put Together More Points with NUC Laptops

Build a package with up to 100,000 points when you buy NUC Laptop Kits.

Intel® NUC Kits always pack a lot of performance into a small space, and Intel® NUC Laptops are no different. This ultrathin design was created to give you the tools you need to build the products your customers need.

Exclusively available to our channel partners, these laptops already fit a lot into a small form factor. Now we're adding something more: points. In fact, we're offering as many as 400 points per unit on these SKUs. Put together a group of them and you could end up with up to 100,000 points on your purchase. See below for a full list of products you can choose and discover the complete package for yourself.
