

Logitech® G915 TKL Tenkeyless LIGHTSPEED™ Wireless RGB Mechanical Gaming Keyboard

Play the Next Dimension

Announcement Date: May 26, 2020

Shipping: June 2020

Product Description

G915 TKL is a new class of wireless mechanical gaming keyboard with three selections of low-profile GL switches² and pro-grade 1 ms LIGHTSPEED wireless. Capable of delivering 40 hours of non-stop gaming on a full charge. Fully customizable per-key, LIGHTSYNC RGB technology also reacts to in-game action, audio and screen color as you choose. With a sleek, impossibly thin yet durable and sturdy design, G915 TKL brings gamers to a higher dimension of play. Dedicated volume wheel and media keys give you fast, easy control over video, audio, and streaming.

Key Features

- **Compact TKL Design:** G915 TKL provides the same advanced technologies in a more compact design. Store the USB receiver in the back of the keyboard for additional portability.
- **Pro-Grade LIGHTSPEED Wireless Technology:** The G915 TKL provides a super-fast 1 ms report rate and end-to-end optimized wireless connectivity. Get LIGHTSPEED performance and a clean, wire-free aesthetic for battlestations.
- **High-Performance, Low-Profile GL Switches:** Logitech G's low-profile GL Switches are half the height of standard mechanical key switches for 25 percent faster actuation** and a more comfortable typing experience. Choose from GL Linear, GL Tactile or GL Clicky switches to match play preferences. The tactile version gives discernible actuation for gamers who prefer direct feedback, while the linear version provides a smooth keystroke. The clicky version offers a much-requested audible typing experience with tactile feedback.
- **Impressive 40 hours of Battery Life:** Rechargeable battery provides 40 hours of run to die battery life at maximum brightness on a full charge. Quickly recharges in 3 hours. . Low battery warnings at 15% on the keyboard battery LED and via pop-up notification in the Logitech G HUB software.
- **LIGHTSYNC RGB Technology with Per-Key Customization:** Next-generation RGB synchronizes lighting with on-screen gaming and entertainment content. Personalize lighting for each individual key, customize animations and experience in-game integrations from across approximately 16.8 million colors using Logitech G HUB software*.
- **Sleek, Ultra-Thin Design:** Meticulously engineered and designed, the G915 TKL is incredibly thin while also strong and durable. 5052 aluminum alloy top plate is strong and durable, making it possible to create a minimalist design with a sleek aesthetic.
