Fact Sheet

Logitech® MX Master 3 for Mac Advanced Wireless Mouse
Mastered for Mac

Announcement Date: July 7, 2020
Expected Shipping: August 2020

Product Description
The Logitech® MX Master 3 for Mac Advanced Wireless Mouse is the most advanced Master Series mouse tuned for Mac and iPad, offering instant precision and infinite potential for digital creators and Mac users. The MX Master 3 for Mac is designed and engineered to pair perfectly together with the Logitech MX Keys for Mac Advanced Wireless Illuminated Keyboard. The most popular Logitech productivity mice and keyboards are tuned to best compliment the Apple ecosystem and help millions of advanced digital creators working on Macs and iPads.

Key Features

For Mac:
- Magic of Gestures, Power of MX: Hold the gesture button and move the mouse to emulate the 3-finger gestures you love on your trackpad: switch between desktops, open Mission Control, and more.
- USB-C to USB-C Quick Charging: Stay powered for up to 70 days*** on a full charge, a full day of work on just three minutes of charge and three hours of use from a one-minute quick charge using the included USB-C charging cable, which can also be used to charge your keyboard or phone.
- Space Gray finish: Perfectly matches MX Keys for Mac and your family of Apple devices.

MX Master 3:
- Comfort Shape and Intuitive Controls: Perfectly crafted for the shape of your palm with a new optimized hand fit, and a redesigned thumb area with back/forward and gesture buttons and a thumbwheel with the most natural and intuitive control.
- Next Generation MagSpeed Wheel: The electromagnetic Next Generation MagSpeed scroll wheel quietly shifts between ratchet and hyper-fast modes using controlled electromagnetic pulses so you can effortlessly scroll through 1,000 lines in a second.
- Track-Anywhere Darkfield™ 4000 DPI Sensor: Track on any surface, even glass*, with Darkfield™ 4000 DPI Sensor. MX Master 3 for Mac is faster and 5x more precise than the basic mouse** so you always hit the right pixel.
- App-Specific Profiles and Button Customizations: Customizable in macOS with virtually every app you use and predefined app settings for your favorite creativity and

productivity apps like Adobe Photoshop®, Adobe Premiere Pro®, Final Cut Pro℠, Google Chrome™, Safari®.
- <u>Logitech Flow-Enabled</u>: Seamlessly control multiple Mac computers with your Flow-enabled MX Master 3 for Mac, effortlessly transfer text, images and files between them at the press of a button.
